Hey Royan,

Did you have anything to add or any comments on OPP's forthcoming pet collar webpage? It looks like RD has finished its review.

See email below for more details.

Thanks,

RD and OCE –

Recently RD requested that a pet collar page be developed separate from OPP's spot-on page.

PRD has done just that - given the Seresto petition, the Seresto data analysis, what we are now stating in PIDs/IDs about pet incidents & pet products generally, and internet claims about counterfeit products being responsible for incidents.

This page is scheduled to be published next week to allow sufficient time for public comment into the PID dockets. To that end, we would like **RD and OCE staff/BC-level review of the [New Pet Collar Web Page](#) by COB Wednesday 8/4.**

If there are any issues with the review timing, please let me know.

Thank You and Best Regards,

Melanie Biscoe
